Work

Senior Software Developer

Innovative Solutions · Innovative Solutions is a software development company that specializes in creating large-scale applications for businesses. They use cutting-edge technology to deliver high-quality solutions.

Jan 2018 – Dec 2021

New York, NY

Developed and maintained backend technologies for large-scale applications using Java and C++.

- Built web services using Java and mySQL, covering all stages of the release cycle.
- Collaborated with cross-functional teams to deliver high-quality software solutions.
- Mentored and trained junior developers on coding best practices.

Lead Software Engineer

Tech Solutions · Tech Solutions is a technology consulting firm that provides software development and IT services to businesses of all sizes.

Jan 2016 – Dec 2019

San Francisco, CA

Designed and developed large-scale microservices using cloud-based systems and service-oriented development.

- Delivered high-quality, highly available services that met customer SLAs across the globe.
- Collaborated with cross-functional teams to drive long-term design thinking for systems and engineering processes.
- Trained and mentored engineers across all levels through sharing and learning.

Backend Developer

Software Innovations · Software Innovations is a software development company that specializes in creating innovative solutions for businesses.

Jan 2017 – Dec 2020

Seattle, WA

Developed and maintained backend technologies for large-scale applications using C# and Java.

- Demonstrated proficiency in coding and experience with architectural patterns

- Demonstrated proficiency in coding and experience with architectural patterns of large, high-scale applications.
- Built web services using Java and mySQL, covering all stages of the release cycle.
- Collaborated with cross-functional teams to deliver high-quality software solutions.

Software Engineer

Tech Innovators · Tech Innovators is a technology company that specializes in creating innovative solutions for businesses using cutting-edge technology.

Jan 2019 – Dec 2022

Austin, TX

Developed and maintained backend technologies for large-scale applications using Java and C++.

- Demonstrated technical, cross-group collaboration and communication skills.
- Demonstrated ability to take initiative, adapt to acquire new knowledge and skills, effectively solve complex problems.
- Delivered value through a collaborative approach spanning many teams across geographies.

Senior Backend Developer

Software Solutions Inc. · Software Solutions Inc. is a software development company that provides software solutions to businesses of all sizes.

Jan 2015 – Dec 2018

Boston, MA

Developed and maintained backend technologies for large-scale applications using Java and C++.

- Demonstrated debugging and troubleshooting skills, with an enthusiastic attitude to support and resolve customer problems.
- Built web services using Java and mySQL, covering all stages of the release cycle.
- Collaborated with cross-functional teams to deliver high-quality software solutions.

Volunteer

Teacher

CoderDojo

Jan 2012 – Jan 2013

Global movement of free coding clubs for young people.

- Awarded 'Teacher of the Month'

Education

University of California, Los Angeles

Computer Science

Sep 2010 – Jun 2014

Bachelor's Degree

Courses

- Data Structures and Algorithms
- Operating Systems
- Database Systems

Massachusetts Institute of Technology

Computer Science

Sep 2014 – Jun 2016

Master's Degree

Courses

- Advanced Algorithms
- Distributed Systems
- Cloud Computing

Awards

Excellence in Software Development

Awarded by **National Association of Software Developers**
Jan 2022

For outstanding contributions to the field of software development, particularly in the areas of backend technologies and cloud-based systems.

Innovation in Computer Science

Awarded by **International Association of Computer Scientists**
Jun 2021

For groundbreaking inventions and exceptional performance in the field of computer science, with a focus on web services and technical collaboration.

Skills

Java Development

- Java
- Backend Technologies
- Web Services

Debugging and Troubleshooting

- Debugging
- Troubleshooting
- Customer Support

Collaboration and Communication

- Collaboration
- Communication
- Cross-Group Collaboration

MySQL Development

- MySQL
- Web Services
- Release Cycle

Microservices Development

- Microservices
- Service-Oriented Development
- Cloud-Based Systems
